ABOUT US

Farmsons Agri Solutions Pvt Ltd is an established Manufacturer of Proprietary Formulated Agricultural Inputs for Sustainable Farming. Our Distinguished Products are Biological and Organic Plant Growth Promoters, Bio Stimulants, Soil Health Improvers, Eco-Friendly Plant Protectors, Micronutrients, Spray and Soil Adjuvants, Plant Metabolism Improvers and Miscellaneous Agri Inputs for Organic as well Conventional Farming.

Our Contributions in Agro Input Business are since 2009, predominantly in Maharashtra and gradually expanded to other Parts of Central India, Southern India and Northern India. We have State of Art Manufacturing Facility located at Sinner (Nashik). Our Corporate office as well as Sales Office, both are based in Nashik City, closely connected to Mumbai (Business Capital of India). We have our Retailer / Dealer / Distributor network, Branch Offices and warehouses located in almost major potential markets of India.

Pillars of our Organization are Dynamic Management Team, Strong Agronomy Department, Knowledgeable Farmer Support Executives, Enthusiastic Sales and Marketing Team, System driven Accounts, Admin and Human Resource Team, Service Oriented & Skilful Operations Team. All our Farmers, Retailers and Distributors are continuously helping us to reach to new horizons. The basic Survey for entry in out of Indian Markets are already in place with positive verge, to enter in exports of our speciality products.

Our Distinguished Products are Self Formulated in our own well-equipped R & D Centre and field tested by our own Agronomy Department. Some of our Products are also regularly tested for efficacy by various Agricultural Universities and Research Centres. Apart from all these testing and trials, millions of satisfied farmers are encouraging and promoting usage of our innovative and beneficial products for sustainable farming. Our Current Product range consists of more than 50 products useful for all type of horticulture, floriculture, vegetable, plantation crops, cash crops, field crops, poly house crops, hydroponics, nursery plantation etc. Many of our Products are confirming to Organic Standards and certificates are available as per demand from our buyers.

Our Company strongly believe in caring of people and eco system. Everybody as a valuable channel partner is always admired in our mission.

VISION

To become repute of organization in deliverance of effective and efficient solutions for sustainable development of farming community with strong emphasis on greener environment and happy people.

MISSION

Organizational Commitment to promote beneficial Products, Technologies and Services based on Consistent Research and Development with Special Emphasis on Basics of Eco System. Strong Belief on Empowerment of People and Adoption of Aggressive Promotion Strategies to Connect and Communicate.

OUR PRODUCT RANGE

BIOSTIMULANTS

SOIL HEALTH ENHANCERS

METABOLISM IMPROVERS

MICRONUTRIENTS

ANTISTRESS IMMUNITY BOOSTERS

**NUTRIENT MANAGEMENT &
UPTAKE IMPROVERS**

PLANT PROTECTORS

ADJUVANTS

DRIP K PLUS

**Stimulant for Potash(K) & Other
Nutrient Uptake**

Drip K Plus is a proven and tested, proprietary formulation based on active herbal and natural ingredients. It stimulates plant to absorb required nutrients like Potash (K), Calcium (Ca), Magnesium (Mg), Zinc (Zn), Boron (B), Iron (Fe), Silica (Si) and other Micro & Macro nutrients available in the soil. Stimulation of Plants, Increased Elasticity of Roots, Cation Exchange Mechanism are assumed mode of actions of this product.

Benefits : Fruit Development, Fruit Quality, Colour & Yield
Other Nutrient Uptake

Application : Soil Application - 1 to 2 ltr /acre,
Foliar Spray - 2 to 3 ml/ltr.

ड्रीप के प्लस – अन्नद्रव्यांच्या शोषणासाठी उत्प्रेरक

हे उत्पादन नैसर्गिक घटकांवर अवलंबून असल्याने पिकास जमिनीतुन पालाश आणि इतर मूलद्रव्ये शोषण्यास मदत करते. फुलधारणा आणि फळवाढ हे महत्वाचे फायदे होतात.

ड्रीपद्वारे १ ते २ ली./एकर, फवारणीसाठी – २ ते ३ मिली/ली

P STAR

**Stimulant for Phosphorous (P)
Uptake**

P STAR is a proprietary formulation based on active herbal and natural ingredients. It stimulates plant to absorb required Phosphorous from soil. Phosphorous is a vital element for development of leaves, flowers buds, shoots and roots of plants. Stimulation of Plants, Mobilization of Phosphorous are assumed mode of actions of this product.

Benefits : Development of Shoots and Buds, Supply of Phosphorous

Application : Soil Application – 1 to 2 ltr. / acre.
Foliar Spray - 1.5 to 2 ml. / ltr.

पी स्टार – स्फुरद (पी) च्या शोषणासाठी उत्प्रेरक

नैसर्गिक घटकांवर आधारित हे उत्पादन पिकास स्फुरद शोषणास मदत करते. वनस्पतीचा फुटवा, फुले आणि मुळांच्या वाढीसाठी हे उत्पादन फायदेशीर आहे.

ड्रीपद्वारे १ ते २ ली./एकर, फवारणीसाठी – १.५ ते २ मिली./ली.

PHOTON X

Biostimulant from
Plantation to Harvesting

Photon X is a unique biostimulant formulation derived from fermentation of various plant extracts, seaweed extract, fulvic acid, amino acids and minerals. It provides balanced plant nutrition in bioavailable form, which further helps plant for photosynthesis, development of leaves, flowers and fruits. It helps plant to reduce flower dropping and fruit setting in adverse climatic conditions and stress conditions. It stimulates basic enzymatic and physiological processes in plant and helps for improvement in quality and yield of crop from plantation to harvesting.

Benefits : Biostimulant for Growth of Leaves, Flower, Fruit of Crop

Application : Foliar Spray – 1.5 to 2.0 ml. / ltr of water.

फोटॉन X – वनस्पती अर्क, समुद्री शेवाळ, खनिजे, फुलविक व अमिनो आम्ले ह्या घटकांच्या फरमेंटेशन प्रक्रियेतून विकसित केलेले उत्पादन पिकाच्या सर्व अवस्थांमध्ये वाढीला आवश्यक संतुलित अन्नद्रव्यांचा जैविक स्वरूपात पुरवठा करते, त्यामुळे वनस्पतीच्या पाने, फुले, फांद्या व फळे या सारख्या अवस्थांमध्ये सर्वांगीण विकासासाठी उत्प्रेरक म्हणून काम करते.

फवारणीसाठी – १ ते १.५ मिली/ली.

FLOW GROW

Reproductive Flowering Booster

Flow Grow is a unique formulation based on herbal extracts and vital elements and stimulants required for flowering of plant. It activates physiological processes and enzymes in plant at the time of flower inducement, pollination and fruit setting. It reduces flower dropping as well increases recurrence of reproductive flowers, which helps to increase yield of crop.

Benefits : Reproductive Flowering and Fruit Setting

Application : Foliar Spray - 1 to 1.5 ml/ltr of water.

फ्लो ग्रो – पुनरुत्पादक फुलवाढीसाठी

विशिष्ट वनस्पती अर्क आणि नैसर्गिक घटकांवर आधारित हे उत्पादन फुलवाढ, परागीभवन आणि फळधारणा ह्या काळात वनस्पतीच्या जैवरासायनिक प्रक्रिया उत्प्रेरित करून उत्पादन वाढीस मदत करते.

फवारणीसाठी – १ ते १.५ मिली/ली.

REAL TRICK GOLD

Seaweed (4 in 1) Gel – For Healthy Soil & Balanced Plant Nutrition

Real Trick Gold is a gel form mixture of purest seaweed along with some part of fulvic acid, amino acid and plant extract. This mixture provides naturally available micro and macro elements, cytokinins and other growth stimulants for growth of plant. It also provides organic matter to the soil which helps for soil health improvement, white root development and nutrient uptake by plant. Seaweed also helps for management of various stress on plant due to adverse climatic conditions.

Benefits : White Root Development, Plant & Soil Health, Antistress etc.

Application : Soil Application - 500-1000 gram/acre

रिअल ट्रिक गोल्ड – (पीक व जमिनीचे स्वास्थ्य वाढीसाठी ४ इन १ पोषक जेल)

हे सागरी शेवाळ, फुलविक ॲसिड, अमिनो ॲसिडस् व वनस्पती अर्क यांचे सेंद्रिय आणि पाण्यात विद्राव्य जेल स्वरूपात मिश्रण आहे. त्यामुळे पीकास व जमिनीस आवश्यक अन्नद्रव्ये, सेंद्रिय घटक व नैसर्गिक संप्रेरके मिळतात. जमिनीची पत सुधारते, खतांची अपटेक वाढते व उत्पादनात वाढ होते.

जमिनीत देण्यासाठी – ५०० – १००० ग्राम / एकर

BIO LOAM

Soil Health & Fertility Enhancer

Bio Loam is an unique soil conditioner formulation based on vital plant extracts, organic matter and natural ingredients. It recharges soil with organic matter, carbon and nutrients. It also improves soil texture and fertility due to enhanced absorption and uptake of nutrients in soil. It helps to create favourable soil conditions and development of beneficial microbes in the soil.

Benefits : Soil Conditioner and fertility enhancement.

Application : Soil Application - 2 to 5 ltr. / acre

बायो लोम – जमिनीचे आरोग्य आणि सुपीकता वाढविण्यासाठी भूसुधारक

हे विविध नैसर्गिक घटकांपासून बनविलेले भूसुधारक जमिनीत सेंद्रिय पदार्थ, कर्ब, सूक्ष्म जीवांची संख्या वाढविते आणि जमिनीतील मूलद्रव्ये पिकास उपलब्ध करण्यास मदत करते.

जमिनीत देण्यासाठी – २ ते ४ ली/एकर

AMINO-SIL

Plant Growth Promoter

AMINOSIL is a proprietary formulation based on water soluble plant available silicon enriched amino acids and variety of organic extracts in trace amount. This unique mixture provides vital plant nutrients to any plant. Silicon improves resistance of plant against stress, fungus and insects attack. It also stimulates process of photosynthesis, vegetative growth, flowering and fruit production.

Benefits : Plant Growth with Disease Resistance

Application : Foliar Spray - 2 gram / ltr. of water.

अमीनोसिल - पिक वाढ + रोगप्रतिकारक

अमीनोसिल मिश्रणातील सिलिका आणि अमिनो ऍसिड्स पिकाच्या वाढीबरोबरच ताणरोधक म्हणून काम करते. वनस्पतीस अन्नद्रव्ये मिळतात तसेच प्रकाशसंश्लेषण सुधारते.

फवारणीसाठी - १.५ ते २ ग्राम/ली

SIL TOP

Activation & Supplement of Silica

SIL TOP is a proprietary formulation based on herbal and natural ingredients along with bio available silica. It activates process of silica absorption / uptake by plant as well supplements bio available silica to the plant. It helps plant to develop immunity against adverse climatic conditions like temperature, humidity, rainfall, watering, draught conditions. It also helps plant to build resistance against attack of insects and fungi.

Benefits : Antistress Properties and Resistance Against Diseases

Application : Foliar Spray - 2 ml. / ltr. of water.

सिल टॉप - अँटीस्ट्रेस आणि सिलिका उत्प्रेरक

वनस्पती अर्क आणि जैविक घटकांवर आधारित हे उत्पादन सिलिका शोषण, पुरवठा आणि ताणरोधक म्हणून काम करते. पिकाची रोग प्रतिकारक आणि ताणतणाव सहन करण्याची शक्ती वाढविते.

फवारणीसाठी - १ ते १.५ मिली/ली.

METABOLIS GOLD

For Smooth Plant Metabolism

METABOLIS GOLD is a proprietary formulation based on mixture of vital amino acids, growth stimulants and vitamins required for crop from plantation to harvesting period. It improves biochemical metabolism in plants resulting into growth of crop and fruits. Various Amino Acids helps for vegetative growth, flowering, fruit setting and development of fruits.

Benefits : Plant Growth and Fruit Development

Application : Foliar Spray - 1.5 to 2.0 gram / ltr.,
Soil Application - 500 gram / acre

मेटाबोलिस गोल्ड – वनस्पतीची चयापचय क्रिया सुधारण्यासाठी

मेटाबोलिस मधील विशीष्ट अमिनो ऍसिड्स, आणि वाढ संजीवके पिकास जीवनसत्वे, प्रथिने बनविणे, चयापचय क्रिया सुधारणे, फळांची वाढ आणि गुणवत्ता सुधारणे यासाठी मदत करतात.

फवारणीसाठी – १ ते १.५ ग्राम/ली

ACTIWETER

Silicon Based Non Ionic
Spray Adjuvant

This is highly efficient spray Adjuvant with proprietary formulation based on nonionic silicone surface active agent and organic solvents which helps spray water for reduction in surface tension resulting into more spreading and penetration of spray nutrient mixture. Insecticides and other spray components are better penetrated in leaves and helps for increased action of plant growth promoters, fertilizers and insecticides. Oily layer on insects gets emulsified due to Acti Weter spray adjuvant and results in better performance of insecticides.

Benefits : Wetting, Spreading & Penetrating Spray Adjuvant for Foliar Application of Biostimulants, Micronutrients, Herbicides & all types of agrochemicals etc.

Application : Foliar Spray- 0.5 to 1 ml / Ltr of water

ॲक्टिवेटर – फवारणीसाठी उपयुक्त सहाय्यक

नॉन आयोनिक सिलिकॉन स्प्रेडर हे पानाच्या पृष्ठ भागावरील ताण कमी होतो म्हणून द्रावण फवारणीचे मिश्रण पानावर पसरवण्यासाठी व पर्णरंध्रातून शोषण्यासाठी सहाय्यक म्हणून काम करते. बायोस्टिम्यूलंट्स, सूक्ष्मअन्नद्रव्ये, रासायनिक औषधे ह्यांची फवारणीद्वारे वापरताना कार्यक्षमता वाढवते.

फवारणीसाठी – ०.५ ते १ मिली / ली.

GRINOPHYLL

Plant Chlorophyll Booster

Foliar Spray
0.25ml. / ltr.

फवारणीसाठी
०.२५ मिली/ली.

BIO SCORT

Natural Chelating Agent
to Improve Uptake

Foliar Spray
2 gm / ltr.
Soil Application
500gm / acre

फवारणीसाठी
२ ग्राम/ली,
जमिनीतुन
५०० ग्राम /एकर

SEAGRASS-G

Natural Seaweed Extract

Foliar Spray
2ml. / ltr.

फवारणीसाठी
२ मिली/ली.

AKSON-100

Non Ionic Silicon Soil
Adjuvant for Drip &
Drenching

Soil Application
1.0 to 1.5 ltr./acre

जमिनीतुन
१.०-१.५ लिटर/एकर

AQUA CORRECTOR

pH Acidifier & Hardness
Reducer - Spray Adjuvant

Foliar Spray
0.5-1.5ml / ltr.

फवारणीसाठी
०.५-१.५ मिली/ली.
